PROFESSIONAL SUMMARY

I'm a second-year B.Tech Computer Science student with a keen interest in data science and AI. Passionate about leveraging data to analyse real-world problems, I've been actively developing my skills in machine learning, statistical analysis, and programming. Eager to contribute to innovative projects, I'm keen to deepen my understanding and hands-on experience in these evolving fields.

SKILLS

- **Programming Skills :** C, C++, Python (efficient with many libraries), Java, HTML, CSS and JavaScript.
- **Platforms :** Windows, MacOS

PROJECT

Online CA : I am currently working on a project focused on developing a platform that helps users optimize their taxes and seamlessly complete their Income Tax Returns (ITR). This project aims to simplify the tax management process and enhance user efficiency in filing their returns.
